# WELCOME TO THE HAGUE!

We are pleased to invite you to join us in the beautiful city The Hague for **IUPAC|CHAINS2023** in August 2023. During the conference, themed '**Connecting Chemical Worlds**', we bring together all disciplines of chemistry, a diverse audience of chemists from both academia and industry, and from all around the globe. Apart from plenary and invited lectures, the congress will include parallel sessions with oral presentations, focus sessions and poster presentations by junior and senior researchers.

The conference consists of several parts, namely the **52<sup>nd</sup> IUPAC General Assembly** (18-25 August 2023) and the **49<sup>th</sup> IUPAC World Chemistry Congress** combined with the **11<sup>th</sup> edition of CHAINS**, the largest chemistry congress from the Netherlands (20-25 August 2023). **IUPAC|CHAINS2023** is organized by the Royal Netherlands Chemical Society (KNCV) and the Dutch Research Council (NWO). The IUPAC World Chemistry Congress is organized biennially with recent previous editions in Sao Paulo (2017), Paris (2019) and digitally in Montreal (2021). In 2023 we expect to welcome you on location in The Hague to meet each other in person.

We look forward to meeting you and your fellow chemists around the globe during 2023 in the Netherlands. Let's connect!

With warm regards,

On behalf of the organizing committee,

Floris Rutjes  
Chair Local Organizing Committee  
**IUPAC|CHAINS2023**

## IMPORTANT DATES:

**3 OCTOBER 2022**

Call for Focus Session  
Proposals

**12 DECEMBER 2022**

Abstract submission open

**15 DECEMBER 2022**

Registration open

**15 FEBRUARY 2023**

Abstract deadline

**1 JUNE 2023**

Early fee deadline

**18-25 AUGUST 2023**

General Assembly

**20-25 AUGUST 2023**

World Chemistry Congress  
IUPAC|CHAINS2023
