18-25 August 2023
GENERAL ASSEMBLY

20-25 August 2023
WORLD CHEMISTRY CONGRESS

WORLD FORUM - THE HAGUE

Join IUPAC|CHAINS 2023 and submit your abstract!

We are pleased to invite you to join us in the beautiful city The Hague for IUPAC|CHAINS2023 in August 2023. This conference, which combines the 49th IUPAC World Chemistry Congress and the 11th edition of the Dutch Chemistry Conference CHAINS, will take place from 20 till 25 August.

The theme of the conference is 'Connecting Chemical Worlds', and this is exactly what we aim to do. Connecting different disciplines of chemistry and getting academia, industry, junior and senior researchers to share what they love most about this beautiful science and help chemistry in answering the problems of tomorrow.

We hope to present an exciting program with plenary and invited lectures, parallel sessions, poster- and oral presentations. The first six plenary speakers are already announced, and we are excited to receive renowned scientist like Chad Mirkin, Jennifer Thomson and Nicola Spaldin. The full list of plenary speakers can be found at www.iupac2023.org/plenary-speakers.

And we also invite you to join the programme by submitting your idea for an oral presentation or poster now! Submission of abstracts is open now at www.iupac2023.org/abstracts. On the site you can find the form to submit and the submission guidelines.

Important deadlines

- 15 February 2023: deadline for abstract submission. More information: www.iupac2023.org/abstracts.
- 15 February 2023: Opening Registration. [Click here to directly put a reminder in your agenda.](#)
- April 2023: Publication of the programme
