We would like to invite you to the Netherlands, for a week full of inspiring chemistry, innovative technologies and meeting new people! From 20-25 August 2023, thousands of chemists will gather at IUPAC|CHAINS 2023 in The Hague, to meet and share what they love most about this beautiful science.

The theme of the conference is 'Connecting Chemical Worlds', and that is exactly what we aim to do. The programme will include plenary and invited lectures, focus sessions and poster presentations, and give you the chance to learn the latest developments in your field, share your own findings, meet new people, generate new ideas and collaborations and of course enjoy the beautiful The Hague.
